AEROSPACE WALES

Locations shown in the diagram include: Newport, Cardiff, Swansea, St Athan, Llanberis Airport, Wrexham, Caernarfon, Bangor, RAF Valley, Broughton, Pwll Gwynedd, and various company logos like BAE Systems, Airbus, Raytheon, etc.

The Aerospace Industry in Wales
The leading edge of the advanced materials & manufacturing sector

The aerospace and defence industry in Wales includes 7 of the world's top 15 aerospace and defence companies. It is home to the Airbus Global Centre of Excellence for wing manufacture. Other leading companies detailed below. These companies are supported in Wales by over 150 smaller companies (SMEs) and many academic institutions with a wealth of aerospace related expertise. The core competencies of the aerospace and defence industry in Wales are maintenance, repair and overhaul (MRO), manufacturing, materials and tooling, test equipment, ground support equipment & UAV operations.

MRO
Aerfin • Babcock • BAE Systems • British Airways, Avionics, Inletors and British Airways Maintenance Cardiff (BAMC) • DECA at Sealand GE Aviation • Nordem Europe Ltd • Koytheon

MANUFACTURING
Airbus • CAV Aerospace • Doncasters • Gardner Aerospace Triumph Group of Companies • Zodiac Aerospace

OTHER KEY COMPANIES IN WALES
Airborne Systems Ltd • Airbus Defence & Space • Allied Aerospace AMSS • Cottam and Brookes • Denis Ferranti Group Electroimpact UK • FAUN Trackway • Solvay Composite Materials

THE AEROSPACE WALES FORUM AND THE SUPPLY CHAIN
The principal aerospace and defence companies in Wales support a vibrant and growing supply chain of Small to Medium Enterprises (SMEs). The Aerospace Wales Forum, the voice of the industry comprises over 150 member companies. The Forum works with other partners in Wales, including the Welsh Government to:

- Support the development of the supply chain
- Boost innovation levels
- Increase research and development
- Improve training and grow the skills base within the sector
